*The academic year of 1982-83 has truly been one of the most rewarding experiences available to any public school within the state of California. It was the year that saw the birth of the Washington Preparatory High School and a new and vigorous approach to the academic excellence which has been long overdue. As students, you have had the unique opportunity to quality education and because of you, we feel that the success of the program will be insured for years to come.*

*I am particular with the effort put forth by our teacher's who have given an extra measure of love and devotion along with committment to the students, which is the cornerstone of any successful educational program. The key to quality education is quality teaching, and the staff at Washington Prep is probably the finest in the entire Los Angeles Unified School District and probably the state of California.*

*Our parental involvement has also been exceptional this year. Under the direction of Mrs. Margeret Wright, the Parent Support System has developed a closeness to our total school program and we actively encourage the involvement and participation of your parents in all parts of our school operations.*

*This cooperative relationship between students, teachers, and parents is the true essence of family, which personifies the motto of our school "We are Family". We at Washington Prep represent the extended family of our students and community, and we believe that the primary focus of any educational program must be the students.*

*We will continue to offer a rigorous academic program with guidelines for teachers, regulations for students, and expectations for parents. The Washington Preparatory High School is a reality and will continue to improve in years to come, setting a standard for all who would be desirous of offering a superior educational opportunity within a public school setting.*

*You, the students, are so important to the future of this community, that we are committed to doing whatever is necessary to insure your needs, protect your interest, and demand your active participation in your own destiny. Our love for you is the basis for our direction and you have demonstrated a willingness to accept the challenge. We will succeed.*

*Sincerely*

*George McKenna III  
Principal*

## *MODEL U.N.*

Model U.N. is a situation of the real United Nations in New York. In this world wide organization, delegates from high schools are chosen to represent countries on special committees of the United Nations at conferences held all over the nation. They meet to find solutions to world issues such as nuclear disarmament, aid to refugees, peaceful uses of outer-space, terrorism, and many more. Because of the research, writing, and speaking skills involved, Model U.N. is an excellent preparatory activity.
